

OUR SPEAKER
PERCY
STRICKLAND

Percy Strickland & his spouse Angie and five kids moved into Church Hill (the inner city of Richmond, VA) in the summer of 2001. Eventually, relationships with children in the community would lead them toward founding CHAT (Church Hill Activities and Tutoring), an intentional community of Christians seeking to use radical hospitality (open homes) to transform and rebuild a hurting neighborhood. Percy is a graduate of Duke University and while serving as CEO of CHAT, Percy completed his Masters of Divinity from Union Theological Seminary. Percy is also an elder at East End Fellowship (a multiethnic worshipping community in the neighborhood). For more info on CHAT see www.chatrichmond.com

MESSAGE FROM THE PASTORS

It is with a spirit of thanksgiving and praise that we welcome you to join the men of Blacknall, Iglesia Emanuel and St. John's congregations. Our congregations have a long and vibrant history of being a beacon of light in our community. However, we are particularly excited about the opportunity for our congregations to grow deeper in relationship and in mission. We hope this retreat will be used by the Lord to bring the men of our congregations (and beyond) together so that we can fulfill the vision that God has for us as His Church in Durham and beyond.

Robert Daniels, David Dunderdale, Allan Poole, Julio Ramirez—Pastors
